

Meeting with Raja Rogers  
Tuesday, October 11, 2005

1. Points from Maharishi's press conference last week: What we're doing with our activities in each area, esp with raising the flag, we're controlling the source of gravity in that area which is the administrator in that area. Enlivens that law of nature that administers each specific location.

With raising the flag, we are acknowledging and thereby enlivening that original administrator of the area.

Victory Day Celebration - Not just on psychological and emotional level, it is very real. Something real and tangible is being structured on Victory Day. Raising the flag significantly enlivens and upholds that law that upholds unity over diversity.

Can download Rastra Geet and Emily Levin's song from [www.globalreconstruction.org](http://www.globalreconstruction.org). Rastra Geet is the National Anthem of the GCWP. Specific recitations from Rig, Sama, Yajur, Atharva, - chanted for 3-4 minutes. Rastra – national, Geet – song. It's always played before celebrations now.

Flags should be delivered by 10:30 am.

2. [www.davidlynchfoundation.org](http://www.davidlynchfoundation.org) – an intro talk by John Hagelin is available. A more adv talk is being made into DVD from a talk he gave in Florida. Will be made available to all Govs soon.

Laura used notes from Dr. Hagelin's talk in an Intro and signed a woman up today.

We would like Dr. Hagelin and David Lynch to come to our domain. How to do that? Pull together a list of the top 10 universities in the domain. David's time is limited.

Maybe Jan or Feb for a Southeastern tour. All Recert Govs in our domain should look for large venues for these events. Contact Candace re: the schedule.

3. The Victory Day celebration will start broadcasting at 12:00 pm in Holland, 6:00 am Eastern. Grand Muhurt at 12:12 pm Holland time. The press conference will start after that at 11 am Eastern. If you can take a picture of your flag raising, send it in to be displayed during the press conference. Send photos to [ICO@maharishi.net](mailto:ICO@maharishi.net) during the news conference.

The celebration will start in an island in the S. Pacific and it'll end in Hawaii.

Muhurta time is noon in your area. Know in our hearts that Maharishi is connected.

Flag only to be raised where you can leave it permanently? Best to do it in land we own, the Brahmastan of your state, PP sites, flags in mtns, water falls. If a special geographic place, go ahead and raise the flag there and make permanent arrangements later.

4. Builder in Orlando is interested in building throughout domain.
